

Agenda Item Details:

Meeting : November 14, 2017
Category : Action Item - Specific items of District business
Subject : Employee Stipends
Dollar Amount : \$6,000
Budget Source: M&O

BACKGROUND:

Employees in various central office roles previously received a performance pay stipend. When contracts were reissued to employees, the stipend that they had previously received and expected as part of their compensation package was not added to the contract. For the 2018 - 2019 we will bring forward a plan to address employee groups with direct impact on student achievement that do not qualify for performance pay under Proposition 301.

RECOMMENDATION:

The Superintendent recommends the approval of stipends for the following employees consistent with previous practice for the 2017 - 2018 school year.

- Robyn Gonzales, Facilitator / Academic Coach
- Bethany Ligon, Technology Integration Specialist
- Meaghan Davis, Dean of Students
